Athletic Department Philosophy

Cairo American College athletic department philosophy supports the mission statement of the college and contributes to the overall educational program. It is our firm belief that a well-conducted competitive athletic program, based on sound educational principles and best practice, significantly aids the development of every student-athlete.

We believe in offering interscholastic athletic participation opportunities to as many students as possible, striving for broad participation and competitive excellence, whilst encouraging the highest levels of sportsmanship and fair play. We believe that the welfare of the student-athlete is our prime concern – physically, academically, and emotionally. In addition, the development of positive social attitudes is paramount and the under-riding objective of the athletic department philosophy.

Statement of Sportsmanship

The purpose of the Athletic Department at CAC is to provide a venue for students to compete in an environment that is safe, challenging, professional, and educational. Each athlete is given the opportunity to demonstrate his or her best athletic ability while maintaining a spirit of respect and cooperation with fellow athletes from various backgrounds.

Each sport offered at CAC involves students and adults in their different roles: these include the athletes, coaches, sports officials, and spectators. All those involved in the event are expected to uphold the same spirit of respect and cooperation. This spirit is demonstrated by fair play among athletes, positive encouragement from coaches, impartial judgments from officials, and respectful enthusiasm from spectators. The behavior of the adults is crucial to the successful educational aspect of the CAC athletic program.

The adults act as models for our athletes. Therefore, behavior that is disrespectful or degrading to the CAC standard of sportsmanship jeopardizes the purpose of the Athletic Department, and most of all, jeopardizes the quality of the experience for our athletes.

E.M.AC.

The Eastern Mediterranean Activities Conference (E.M.A.C.) is the dominant athletic and activities conference in the Middle East. Most of our junior varsity teams and some of our varsity teams compete in EMAC. Again, this tends to be for season-concluding tournaments only.

We compete in the following EMAC Tournaments:

- Junior Varsity Boys' Volleyball and Junior Varsity Girls' Volleyball
- Junior Varsity Boys' Soccer and Junior Varsity Girls' Soccer
- Junior Varsity Boys' Basketball and Junior Varsity Girls' Basketball
- Junior Varsity Boys' Softball and Junior Varsity Girls' Softball
- Junior Varsity and Varsity Cross Country, Boys' and Girls'
- Varsity Wrestling, Boys' and Girls'
- Varsity Tennis, Boys' and Girls'
- Middle School Festival

EMAC Full Member Schools are as follows:

American Community School, Abu Dhabi (ACS-AD)
American Community School, Amman, Jordan (ACS-A)
American International School, Kuwait (AISK)
American School of Doha, Qatar (ASDQ)
American School of Dubai (ASD)
American School of Kuwait (ASK)

Other member schools are as follows:

American British Academy, Oman
American Community School, Beirut (ACS-B)
British International School, Cairo (BISC)
Schutz American School, Alexandria (Schutz)

The EMAC handbook is available in the Athletic Director's office.

C.I.S.S.A.

The Cairo International Schools Sports Association (C.I.S.S.A.) was established in 2004 to provide competition for boys and girls at the Under-14 Middle School level and Under-16 Junior Varsity levels in Basketball, Soccer and Volleyball in Cairo. For others, it provides an opportunity to arrange friendly matches with local competition.

ATHLETIC TEAMS AND CLASSIFICATION

CAC athletic teams are classified as follows:

Varsity	Water-polo, Tennis, Volleyball, Soccer, Cross Country, Wrestling, Basketball, Swimming, Track and Field, Baseball and Softball.
Junior Varsity	Volleyball, Soccer, Wrestling, Basketball , Water-polo and Softball.
Junior Teams	Cross Country, Swimming and Track and Field.
Middle School	Soccer, Basketball, Volleyball and Sports Festival.

ATHLETIC AGE / GRADE ELIGIBILITY

CAC complies with the eligibility standards set by the International Schools Sports Tournament (ISST) and the Eastern Mediterranean Activities Conference (EMAC), in addition to the CAC High and Middle School eligibility policies.

The CAC Athletic age/grade eligibility policy is as follows

Varsity	Students in Grades 9 - 12 only.
Junior Varsity	Students in Grades 8 and above , who are under 16 years of age, as of September 1 of the academic year in which they are competing.
Junior Teams	<u>ISST Swimming and Track and Field:</u> Students that are 12, 13 or 14 years of age on September 1 of the academic year in which they are competing. <u>EMAC Track and Field + Cross Country:</u> Students that are 11, 12, 13, 14 or 15 years of age on September 1 of the academic year in which they are competing.
Middle School	Open to all students in grades 6, 7 and 8; however, an 8 th grade athlete that has played on a JV team may <u>not</u> play on the MS team of that same sport.

Student-athletes may only play on one sport team per season.

ACADEMIC ELIGIBILITY

The Athletics and Activities programs at Cairo American College play an important role in the lives of CAC students. The programs are designed to aid in the total educational development of all students involved.

Eligibility requirements for CAC athletics and activities are as follows:

1. Academic Standing

To stay in good academic standing, all students must maintain a grade point average of 2.0 or higher and have no failing quarter grades. Good academic standing is required for students who wish to participate in athletic, performing arts and activity co-curricular programs.

2. Participation

Eligibility to participate is based on each quarter's report grades. In order to participate in athletic, performing arts and activity co-curricular programs, students:

- Must have a minimum of a 2.0 grade point average and have no failing grades on the last quarter report. First quarter eligibility is based on the fourth quarter grades of the previous year.
- May not exceed the minimum attendance requirement due to travel. It is the student's responsibility to monitor whether traveling will jeopardize his/her ability to meet the 85 percent minimum attendance requirement, calculated per semester.
- A student may not withdraw from a course in order to travel.
- A student with unexcused absences in any class will not be considered for a waiver from the minimum attendance policy.
- Students participating in athletic, activity or performing arts events hosted by CAC must meet the Travel Eligibility requirements outlined above.
- Because of travel arrangements, visas, housing and commitments to affiliated organizations (ISTA, ISST, EMAC etc.) if quarter grades are published within 15 days of a tournament, festival or conference, students will be able to participate regardless of their academic standing.

ATTENDANCE POLICY FOR STUDENT-ATHLETES

The following are regulations concerning school attendance and participation in sporting events. Requests for exceptions must be brought to the attention of the Athletic Director **before** competitions (or travel) begin:

- Athletes must attend all classes the day of a game, or until the designated time of departure in the case of an away game.
- If the departure time for an away competition is before the school day begins the athlete must have attended school the previous day.
- Athletes must attend school on Thursday to be eligible for competitions on the weekend.

Athletes suspended from school may not participate in practices or competitions until they are reinstated into their regular classes.

TIME COMMITMENTS FOR STUDENT-ATHLETES

Participation in competitive team sports involves a considerable time commitment on the part of athletes. Practices are held after school (or sometimes before school) and often on the weekend. Generally speaking, varsity teams practice five times per week (Sunday, Monday, Wednesday, Thursday, and Saturday) for ten weeks while JV teams practice four times per week for eight weeks. Middle school teams usually have three practices each week for seven weeks. All schedule details are determined in advance in each team's schedule with minimal changes throughout the season.

Practice commitments are reduced during times of examinations. Students selected to teams are expected to attend every practice and game. They cannot miss any more than 10% of the sessions and expect to remain with the team. If athletes must miss a practice or game, they are expected to notify the coach ahead of time if possible.

Missing a practice because of a forthcoming test is not an acceptable excuse. The sports schedule is produced well in advance. It is the students' responsibility to plan their homework and study schedule around their commitment to their team and team mates.

Students participating in sports will miss valuable class time, due to travel commitments for ISST and EMAC competitions. The faculty are aware of sports schedules and will help students balance their academic program with their sports participation. However, the onus is on the student to advise teachers in a timely manner of their pending absences, to collect homework assignments, to arrange for make-up tests, to borrow class notes from classmates, and to generally keep up with all aspects of academic responsibility.

TEAM SELECTION PROCESSES

ISST and EMAC guidelines restrict the number of player permitted on a team. As a result, it is usually necessary to have try-outs and team selections. The approximate dates for try-outs are the first two or three sessions of the season. Specific dates, locations and other relevant information will be available the week before try-outs begin, when athletes are expected to sign up for the sport on one of three days during lunch. These sign-up days will be advertised in the morning announcements to remind potential athletes.

Skill levels will be objectively assessed during tryouts. Coaches also consider factors, such as fitness, attitude, leadership, spirit etc. when evaluating candidates. Team selection will be posted promptly following the final try out session. Athletes who do not make the team are encouraged to discuss areas of improvement with the coach so that they might qualify for the team in the next season. Alternatively, they are encouraged to become actively involved in another way, perhaps as a team manager or score/ stats keeper.

It is the goal of the athletic department to permit maximum involvement at the Middle School level. Though we are restricted in the numbers that may compete in the CISSA tournaments, some teams have greater flexibility to include more athletes in training sessions and in friendly matches that take place earlier in the season.

A frequent point of discussion is the timing of the declaration of the "travel team". For all ISST and EMAC tournaments, the travel team will be announced 4 weeks before the date of departure.

HOUSING

All athletes will be housed by families of the host school for the duration of the ISST and EMAC tournaments. ISST and EMAC rules and regulations are enforced.

In certain circumstances due to early flight departures it maybe necessary to stay in a hotel on the final night.

Housing is reciprocal. CAC athletes are required to house during tournaments hosted by CAC.

As part of its membership to ISST and EMAC, CAC is obliged to organize and host large tournaments sometimes requiring over 220 beds, therefore we call upon every family of CAC student-athletes to assist.

A Booster Club housing coordinator is appointed for each tournament.

UNIFORMS

Team uniforms are issued to each team member and are the responsibility of the student-athlete.

CAC Warm ups – will be issued to all traveling teams for ISST and EMAC competitions.

Care – It is important that CAC teams are always well presented and if the white, for example, has become grey the presentation is poor. Please take care when washing uniforms. Wash in cold water, hang to dry and do not wash with other clothes that may effect the color.

Team Appearance – All CAC teams must look like a team! Team uniforms should only be worn during competition. Team uniforms are not to be used for practices. Non-uniform clothing is not permitted. Other sweatshirts, t-shirts, sweatpants, and caps are not permitted.

Return – Uniforms are collected after the last game of the season and returned to the school by the coach. If the uniform is not collected, please ensure that it is washed and returned to the coach within one week of the end of the season. Records of uniform numbers are kept by the athletic office.

TRAVEL

Travel arrangements for CAC teams are made by the Athletic Director. Details of travel arrangements are provided to the student-athlete and parents at the pre-travel meeting.

The trip itinerary letter includes the cost of the trip, flight times, emergency numbers, transportation arrangements, reminders, game schedules and recommended hotels for traveling parents.

The athletic office is not responsible for parent travel, transportation or hotel arrangements.

TRAVEL DRESS

All CAC student-athletes are expected to travel in smart dress to and from tournaments.

The CAC travel suit top must be worn with the following dress code:

Boys - Shirt and tie, trousers, shoes.

Girls - White blouse, slacks or skirt, shoes.

Jeans, flip-flops, are not permitted and student-athletes must adhere to the High School dress code as follows:

Shirts and blouses must cover the shoulders. Skirts are to be no shorter than mid-thigh.

For girls, no cleavage should be seen when wearing shirts.

Hats and caps are not permitted.

ATHLETIC AWARDS

Athletic award ceremonies take place approximately one week after the end of each season i.e. November, March and June. Student- athletes are required to attend.

The following awards are presented by the coaches at each season awards ceremony:

1. ***Most Valuable Athlete***- the player that demonstrates over the course of the season the highest standards of competitive excellence and that has made the most significant contribution to the success of the team. He/she must have demonstrated intense, consistent effort while enjoying the competitive nature of sport. The player must have played with poise, composure and confidence, demonstrating emotional control without losing competitive effort.
2. ***Most Improved Player***- the player that clearly demonstrates the most significant improvement during the course of the season in terms of ability. His / her skill level and technique will have progressed to a higher level and his / her contribution to the team will have noticeably improved.

END OF SEASON AWARDS

Varsity / Junior Varsity Letter

When a student earns his/her first Varsity or Junior Varsity letter, the student will receive the actual letter, a certificate and a pin designating the sport in which it was earned. For every subsequent letter earned, regardless of sport, the student will only receive the pin and certificate.

Perfect Attendance Pin

This award is given to the athlete who has a perfect attendance record for official practices and games. Injured athletes should continue to attend practices to remain eligible for this award. Any absence, excused or unexcused, negates the possibility of receiving this award.

Note that any practice during an official holiday must be considered optional and will not count as an absence for those athletes unable to attend.

Champion Pin

This award is given to all tournament participants of a team that wins a championship. Note in sports such as swimming, cross country and track and field, it is awarded only to the specific level e.g. Junior Varsity Swimming that wins a title. It is not applicable should CAC win an overall team championship in these sports.

Captain Pin

The coach of each team may present a maximum of two captain pins. The selection of captain(s) may be done by the coaches or with input from the athletes.

Participation Award

This award is given to recognize the individual who took part in an athletic endeavor but did not meet the requirements to receive a letter.

Students who were previously eligible can continue to participate regardless of their academic standing in the next quarter.

The student must also ensure that travel with a team does not cause him/her to exceed the maximum number of allowable days missed in any one class. Please refer to the Student/Parent Handbook for a more detailed explanation.

3. **Attendance:** Attendance at all practices and games is mandatory. Up to 10% of the season's sessions can be missed, but only for good reason (illness, family emergency). The coach should be notified before the practice session if an athlete will not be able to attend. In addition, athletes are expected in school on days of games, trips, and the day after returning from an athletic trip.

4. **Personal Health: The use of tobacco products and the use of alcohol are harmful to athletic performance.** Any athlete caught using or being under the influence of tobacco or alcohol at any school-sponsored activity (including all sport trips, home games or practices, field trips or other school functions) will be immediately removed from that team for the remainder of the season.

5. **Drugs:** CAC prohibits the use, possession, sale, or distribution of illegal drugs (or legal drugs used in an abusive manner), drug paraphernalia or alcohol on campus and on any school-sponsored trip or activity. If an athlete is suspected of violating this policy, it will be reported to the administration for investigation. If verified, the athlete will automatically be removed from the team for the remainder of the season. In addition, he/she may be barred from participation in athletics for the remainder of the school year. This decision will be made by the Athletic Director.

If a violation occurs during an away athletic trip, the coach will take the most appropriate action.

This would include, but is not limited to one of the following:

1. Notify the parents and place the athlete on the next available flight to Cairo at the athlete's expense.
2. Remove the athlete from the host school housing and place him/her in the coach's hotel at the athlete's expense.
3. Allow the athlete to remain on the trip but not take part in the activities.

Procedures for dealing with infractions:

- A. The Coach or sponsor will make a full report in writing to the Athletics or Activities Director (whichever is appropriate) immediately upon return from the trip during which the infraction occurred.

 3. Questioning of student
 4. Questioning of sponsor/ coach
 5. Discussion with sponsor and student (student excused after)
 6. Group discussion
 7. Decision
 8. Student and parents notified of outcome
